

MOHD AKRAM BIN ABD MOIN

akramdinand57@gmail.com | 016-621 3854 | Malaysia
Malaysia Institute of Transport (MITRANS), Universiti Teknologi MARA (UiTM)

1 PROFILE

Early-career academic in transport and logistics with specialization in road safety, spatial analysis, and policy-aligned research. Demonstrates competency in Outcome-Based Education (OBE), CLO-PLO alignment, and assessment design (JSU). Experienced in supporting undergraduate teaching and developing online learning content. Current research focuses on descriptive longitudinal analysis of motorcycle fatality trends in Malaysia in relation to MRSP 2022-2030, aligned with national road safety priorities.

2 EDUCATION

Master of Science (Transport and Logistics) Universiti Teknologi MARA (UiTM), Malaysia	2025 - Present (Final Semester)
- Expected Completion: 2026 - Thesis: Spatial Assessment of National Motorcycle Fatality Trends in Malaysia in Relation to MRSP 2022-2030 (2016-2024) <i>Approach: Quantitative, descriptive, longitudinal, secondary data study</i>	
Bachelor of Industrial Management (Hons) - Logistics and Supply Chain Universiti Selangor (UNISEL), Malaysia	2021 - 2023
Diploma in Business Management Universiti Selangor (UNISEL), Malaysia	2018 - 2021

3 TEACHING EXPERIENCE

Postgraduate Teaching Assistant (UPTA) Malaysia Institute of Transport (MITRANS), UiTM	2026 - Present
- Supported delivery of undergraduate courses in transport and logistics - Developed tutorial materials aligned with Course Learning Outcomes (CLOs) - Facilitated tutorials emphasizing structured problem-solving and critical thinking - Assisted in assessment marking using OBE principles and JSU alignment - Mentored students in academic writing, research skills, and learning platforms	
Online & Distance Learning (ODL) Instructor OpenLearning, Udemy, Khan Academy	Independent
- Designed and delivered asynchronous learning modules and micro-lessons - Applied digital tools to support student engagement and flexible learning - Developed instructional content aligned with modern e-learning practices	

4 RESEARCH PROFILE

Master's Research (Ongoing)

Spatial Assessment of National Motorcycle Fatality Trends in Malaysia in Relation to MRSP 2022-2030 (2016-2024)

- Quantitative, descriptive, longitudinal study using secondary national data
 - Focus on trends, patterns, and distribution of motorcycle fatalities
 - Alignment with Malaysia Road Safety Plan (MRSP) 2022-2030
 - Data sources: PDRM, JPJ, DOSM, JKR, MOT/MIROS
- Indicators: motorcycle fatalities, fatality share (MCF%), exposure-adjusted rates

Research Areas:

- Road Safety & Transport Policy
- Spatial & Temporal Analysis
- Logistics & Supply Chain Systems
- Data-Driven Policy Monitoring

5 PUBLICATIONS

- 1. Factors That Influence Purchase Intentions to Buy Green Products Among Malaysians
DOI: 10.5281/zenodo.14175083
 - 2. AI-Driven Green Revolution: Revolutionizing Malaysia's Supply Chains for a Sustainable Future
DOI: 10.5281/zenodo.14165633
- Additional manuscripts in preparation - transport safety and policy focus

6 TEACHING COMPETENCIES

- Outcome-Based Education (OBE)
- CLO-PLO Mapping & MQF 2.0
- JSU Development
- Assessment Design
- AI-Assisted Teaching
- Digital Pedagogy
- ODL Delivery

7 CERTIFICATIONS

Teaching & Pedagogy

- Young Lecturer Program 2.0 with AI (IUC)
- UNESCO Teaching Training
- UNITAR Training of Trainers (ToT)
- Microsoft Educator Certifications

Research & Academic Development

- Web of Science Academy (Peer Review, Research Workflow)
- Elsevier Researcher Academy
- WHO Research Ethics Training

Professional & Technical

- Six Sigma (White Belt Certification)
- Occupational Safety and Health (OSHA)
- Strategic Planning & Project Management

Additional Certificates

- Certified Peer Reviewer Course (Cell Press, The Lancet, Apr 2026)
- Reviewing in the Humanities (WoS Academy, Dec 2025)
- Co-reviewing with a Mentor (WoS Academy, Dec 2025)
- Mentoring in Peer Review (WoS Academy, Apr 2026)
- Good Citation Behavior (WoS Academy, Dec 2025)
- Best Practices for Writing Your Research Paper (Elsevier, Dec 2025)
- Research Data Management Plan (Elsevier, Nov 2024)
- Gen AI Use in Research (Elsevier, Nov 2024)
- Data Repositories (Elsevier, Nov 2024)
- Unlocking Grant Success (Elsevier, Nov 2024)

8 SKILLS

- Technical:** Excel (data analysis), SPSS, basic GIS, AI tools
- Academic:** Research writing, quantitative analysis, policy analysis
- Teaching:** Curriculum design, assessment planning, student mentoring
- Languages:** Bahasa Malaysia (Fluent), English (Fluent)

9 ACADEMIC ENGAGEMENT

- Participation in postgraduate seminars, colloquia, and workshops (MITRANS, UiTM)
- Engagement in transport safety and logistics academic discussions
